

Essentia® Series Track

Track Lighting

ON TRACK FOR EXCEPTIONAL RESULTS

COMPLETE LINE FOR SINGLE SOURCE PRODUCT

Essentia® Series Track Lighting offers a full selection of track, heads, gimbal rings and accessories that make it easy to build a complete track lighting solution.

FLEXIBILITY FOR MAXIMUM APPLICATION

Essentia® Series LED Track Lighting is available in one- and two-circuit track systems and heads for increased design flexibility. Field interchangeable optics offer beam control flexibility.

WELL DESIGNED AND WELL MADE

Precision-engineered optics result in beautiful beam spreads while light is cast smoothly eliminating fringing, hot spots and discolouration.

COMPATIBILITY FOR EASE OF USE

Essentia® Series LED Track Lighting offers easy upgrades for legacy track heads to Essentia® Series fixtures in black, white and silver finishes. Compatibility with prevalent one- and two-circuit track systems expands use options and energy-efficient LEDs enable greater track lighting capacity.

CREE  TM

ESSENTIA® SERIES TRACK LIGHTING

Put an end to concerns over quality and reliability over commercial track lighting. The Essentia® Series Track Lighting portfolio delivers a better lighting experience in a complete line of products backed by Cree. Essentia® Series track lighting will change your expectations of industry standard.

Mini Flat Back Track Head

APPLICATIONS

Retail/Petroleum

Essentia® Series track lighting is flexible enough to keep up with changing displays and featured products. Precisely directional light enhances and dramatizes merchandise with 80 CRI that results in rich colours and textures to appeal to customers.

Restaurants

Add theatrical flair to bars, lobbies, and other areas with Essentia® Series track lighting. Use the stylish lighting to complement blackout ceilings and put just the right focus on tablescape and architectural details.

Hospitality

The smooth light of Essentia® Series track lighting is perfect for creating intimate and inviting spaces, direct your customers to counters, displays objects of interest along and with adding dramatic accent to decor.
